This survey was conducted on behalf of the National Conference of State Transportation Specialists to provide general information about intrastate regulation requirements. Please check with each state directly (whether listed on this document or omitted) to determine specific requirements or regulations.

Authority - A generic term used in this document to reflect state regulatory approval for a motor carrier's operations. Virtually all authorities require proper and continuous liability insurance to remain on file or the authority is canceled. Certain exemptions may apply that are not listed here. Please contact the state directly.

Brokers - When for-hire carriers are regulated, most, if not all, states require the broker to obtain authority as a motor carrier if the broker will actually transport any commodities.

Filing Fees - Most states charge fees for applications, registrations, vehicles, etc. Specific fee information may be obtained by contacting the regulatory agency directly.

Freight Forwarders - When for-hire carriers are regulated, most, if not all, states require the freight forwarder to obtain authority as a motor carrier if the freight forwarder will actually transport any commodities.

Insurance - A Form E is almost always the form accepted/utilized to reflect proof of liability insurance. Typically continuous coverage on file is required. For insurance limits, please contact the state directly (NCSTS National Insurance Survey available online at www.naruc.org/ncsts)

PC&N means Public Convenience and Necessity. The burden of proof in order to prove PC&N may vary from state to state.

Property means virtually all types of commodities that are not passengers, hazardous materials, waste, household goods or towing operations.

Renewal - Federal regulations preempt states from requiring interstate carriers performing intrastate carriers to renew intrastate authority or insurance filings (except for carriers of household goods, waste, recyclable materials, non-charter passengers or non-consensual towing). Information relating to renewal pertains to any authority, insurance or other applications/filings not preempted by federal regulations.

States may contact Lynne Jones at L.Jones@occemail.com to update information.
